

MISSION COMMITTEE'S REPORT

Second edition - April 2023

 To build a fairer and more
sustainable society

Building the future in a changing world.

EDITORIAL

Companies called upon to share value differently to finance the societal and environmental revolution

Faced with trade and geopolitical tensions, the acceleration of climate change and inflation, companies are facing major challenges. Traditional business models are being tested. The challenges of sustainability and inclusion are leading companies to reinvent themselves by adopting more virtuous approaches. Sharing the value created is at the heart of the public debate.

With the creation of the societal dividend, Crédit Mutuel Alliance Fédérale, CIC's parent company, is once again a pioneer and has taken a further step in its commitment to its values of solidarity. The societal dividend was the subject of numerous debates in which the Mission Committee took part at its level, shedding light on the economic and societal issues.

As Chairwoman of the Mission Committee, I applaud, on behalf of all its members, the ambitious approach of Crédit Mutuel Alliance Fédérale led by its Chairman and Chief Executive Officer, as well as the incredible commitment of their teams and elected members. I would also like to thank the members of the Mission Committee for their contribution to the discussions on the commitments made by Crédit Mutuel Alliance Fédérale and the work still to be carried out.

In early 2022, we laid the foundation for our Mission Committee and charted our roadmap. **We are collectively committed to a candid approach.** Thanks to our experience, our discussions and our external perspective, we were able to question, analyze but also challenge the company to make it progress on its missions. The company's first commitments resonated strongly with its employees, customers and society as a whole. More than ever, the Mission Committee endorses CIC's *raison d'être* "*ensemble, écouter et agir*" (listening and acting together) with a focus on encouraging and supporting CIC's transformation initiatives but also monitoring their impact!

Fleur Pellerin
Chairwoman of the Mission Committee

PUTTING FINANCIAL PERFORMANCE AT THE SERVICE OF THE COMMUNITY

Joint interview with Nicolas Théry and Daniel Baal

Chairman and Chief Executive Officer of
Crédit Mutuel Alliance Fédérale and CIC

How does the benefit corporation strengthen the corporate project?

Nicolas Théry: The status of a benefit corporation was logical for a company such as CIC, which is committed to the regions and wishes to contribute to the collective interest. It was also necessary to give us a more tangible presence. Committed to solidarity and the environment!

Daniel Baal: Our entrepreneurial spirit is also a spirit of responsibility and solidarity. Our commitment has been in our DNA for more than a century. Being a benefit corporation allows us to go one step further and distinguish ourselves: an ethical, supportive and responsible bank. It is also an element of collective pride for our employees and customers.

Two years after becoming the first benefit corporation bank, what has changed at Crédit Mutuel Alliance Fédérale and at CIC?

Nicolas Théry: Faced with the rise in inequalities and the consequences of global warming, the time is no longer for debates, it is time for action. We must accelerate, profoundly change business models. The benefit corporation is a tremendous lever for building a fairer and more sustainable society.

Daniel Baal: Being a benefit corporation means innovating around products or services, creating a dynamic of continuous improvement in our practices. It is above all a daily challenge, because we have an economic, but also a societal and environmental dimension.

What is the Mission Committee's contribution?

Nicolas Théry: If I refer to the law, the committee is responsible for verifying the execution and trajectory of our long-term commitments. But thanks to Fleur Pellerin and its members, it gives us a different perspective on our actions, by enlightening us on strategic topics and being a driver of proposals. In a way, a societal innovation laboratory. Today, the committee has found its rhythm, a real collective intelligence, and I am delighted. We are very fortunate to have people from multiple backgrounds - experts, directors and employees.

Daniel Baal: Our discussions with the committee help us to take a step back from our daily lives, to question our practices or to measure the impact of our actions. We continue to experiment with a new form of governance.

How did you integrate the benefit corporation into the 2027 Strategic Plan?

Nicolas Théry: Our new strategic plan must enable us to follow through on our choices, to embrace who we are and to pursue our differences: a bank fully committed to the benefit corporation and the societal dividend; a technological bank that knows how to combine innovation and industrialization; a bank that meets the challenges of environmental transformation. This plan allows us to choose our desired course and enables us to steer the company in the "right direction".

Daniel Baal: Our strategic orientations reflect our raison d'être and our commitments. When implementing the strategic plan in the business lines, we will have to ensure consistency, an alignment between the strategic axes and the missions at all levels of the company.

Key figures CIC

22,000 employees
5.5 million customers
1,750 branches

As of December 31, 2022

DECISIVE PROOF: CREATION OF THE SOCIETAL DIVIDEND

Deeply motivated by the desire to build a fairer and more sustainable society, Crédit Mutuel Alliance Fédérale, CIC's parent company, has created the societal dividend and is committed to devoting 15% of its consolidated net profit each year, on a long-term basis, to supporting and financing ecological and inclusive projects with added environmental and social value.

Based on the 2022 results, the societal dividend will amount to **€525 million**.

Launch of the first Environmental and Solidarity Revolution Fund

Faced with the scale of the climate crisis and growing inequalities, 50% of the societal dividend will be devoted to an impact fund, with no objective of financial profitability, to support changes in production models, improve infrastructures and respond to market failures.

Impact funds = €263 million

Transformation of banking and insurance practices

To sustainably accelerate the transformation of the banking and insurance sectors, 35% of the societal dividend will be allocated to the deployment of inclusive banking and insurance services.

Solidarity and inclusive measures = €184 million

Launch of the societal dividend at the Economic, Social and Environmental Council on January 5, 2023

Support for general interest actions through philanthropy

15% of the societal dividend will be used to sustainably support projects in favor of regional solidarity and the environment, whether led by new structures, local or regional associations or large NGOs. These resources will enable the Fondation Crédit Mutuel Alliance Fédérale to unite public interest players around these great causes and to commit to their long-term support.

Patronage = €78 million

THE BENEFIT CORPORATION SERVING THE COMMON GOOD

Faced with economic, social and climatic challenges, the company must position itself as a true vector of change, with the ambition of contributing to the common good. By adopting the status of a benefit corporation, CIC has opted for long-term collective action. The bank clearly shows its desire to participate in the transformation of economies towards a more inclusive and sustainable development model.

What is a benefit corporation?

The status of benefit corporation is defined in the French Commercial Code by Article L.210-10, itself introduced by the PACTE law of May 22, 2019. Any company that:

- has given itself a *raison d'être* and has included it in its articles of association;
- has specified in its articles of association several social and environmental objectives in line with this *raison d'être*;
- has created a Mission Committee to oversee the progress made in achieving these objectives;
- has appointed an independent third party to verify the proper execution of the mission.

Crédit Mutuel Alliance Fédérale and its subsidiary CIC were **the first banks** to adopt the status of a benefit corporation, which reflects their historical commitment.

Our *raison d'être*

The *raison d'être* refers to the way in which a company intends to play a role in society beyond its sole commercial activity. Its purpose is to guide strategic and operational decisions.

In 2020, the *Chambre Syndicale et Interfédérale*, the parliament of Crédit Mutuel Alliance Fédérale, adopted a ***raison d'être*: ensemble, écouter et agir (listening and acting together)**.

Together, because community has always been in CIC's DNA;

Listening, because CIC is open and attentive to the major changes in the world and the needs of its customers;

Acting, to turn listening into action and to support those who undertake.

Belonging to the Benefit Corporation Community

In 2022, Crédit Mutuel Alliance Fédérale and its subsidiary CIC joined the Benefit Corporation Community, the leading association for benefit corporations. This collective of entrepreneurs, managers, researchers, experts, shareholders and employees, is convinced that the benefit corporation is an innovation that provides companies with capabilities essential to their performance and resilience. The association brings together companies of all sizes that want to commit to transforming capitalism and rethinking the place of business in society.

Being members of the Benefit Corporation Community enables Crédit Mutuel Alliance Fédérale and CIC to pursue their path with rigor, while benefiting from the knowledge and feedback accumulated by the members who share and enrich the model.

* Benefit Corporation Community

Five missions that define the social and environmental ambition

Crédit Mutuel Alliance Fédérale and its subsidiary CIC have chosen to embody their *raison d'être* through five social and environmental objectives that guide their strategy and actions. These five missions reflect what Crédit Mutuel Alliance Fédérale is: a mutualist, inclusive, ethical, supportive and responsible group. Through these missions, CIC reasserts the relevance of its entrepreneurial model to meet the major challenges of tomorrow.

Independent third party

KPMG, the independent third party (ITP) of Crédit Mutuel Alliance Fédérale and CIC, verifies the achievement of the social and environmental objectives defined in the missions. Its monitoring role is not intended to duplicate the committee's own work, but to complement it.

In February-March 2022, KPMG came to audit the commitments made on December 31, 2021. This audit was a key step to objectify the approach, validate the operational implementation of the commitments and measure the management of the mission. This demanding approach contributes to the success of the mission. Its opinion was attached to the first report of the Mission Committee, itself attached to the annual report (URD). The ITP will have to issue a new reasoned opinion in 2024, the audit being renewed every two years.

The Mission Committee

A COMMITTED MISSION COMMITTEE

The benefit corporation embodies a vision that integrates economic performance and social utility with an ambition to transform society. The Mission Committee is positioned at the heart of this approach, a long-term and continuous progress approach. Set up in January 2022, the Mission Committee chaired by Fleur Pellerin has ten members.

The role of the Mission Committee

The Mission Committee has several goals:

- Question the strategy and actions implemented by the company in order to understand the issues.
- Evaluate the effectiveness and implementation of the social and environmental objectives set by CIC. In concrete terms, the Mission Committee ensures that the company puts in place the necessary means to achieve its objectives. The company reports to the committee on how it fulfills its responsibilities.
- Explore new avenues and steer CIC towards new initiatives. A driver of proposals, it acts in a spirit of co-construction with the executive.

The Mission Committee meets at least three times a year. The meetings, which are prepared by the committee chairwoman and the strategic coordination department, have several objectives: to keep the members of the Mission Committee informed about

the implementation and trajectory of the commitments; to submit work themes to them in order to move the missions forward; to organize meetings (human resources, Independent Third Party) and, in a more forward-looking manner, to get them to think about new projects such as the societal dividend. Each year, a report from the Mission Committee is submitted to the Board of Directors and the Shareholders' Meeting of CIC.

A tripartite committee to ensure a plurality and richness of reflection

The members of the Mission Committee were chosen for their expertise and sensitivity to the challenges of the benefit corporation. The tripartite composition of the committee allows for the convergence of points of view and enriches the debates and reflections. They all share the same desire to contribute to the success of CIC's approach.

Fleur Pellerin
Former minister, founder and CEO of Korelya Capital.

Camille Putois
Chief Executive Officer of the Business for Inclusive Growth (B4IG) business coalition.

Xavier Jaravel
Professor at the London School of Economics (LSE) and member of the Conseil d'Analyse Économique (CAE).

Sandrine Pelletier
Chairwoman and Chief Executive Officer of APLIX Group and Director of CIC Ouest.

Jean-Louis Maître
Chairman of Fédération du Crédit Mutuel Savoie-Mont Blanc.

Marie-Jean Boog
Chairwoman of the Sarrebourg district (Fédération Crédit Mutuel Centre Est Europe).

Laurent Torre
Director representing the employees of Caisse Fédérale de Crédit Mutuel.

Audrey Hammerer
Director, representing the employees of Caisse Fédérale de Crédit Mutuel.

Ségolène Denavit
Representing Crédit Mutuel employees.

Laurent Nallet
Representing CIC employees.

1/3 experts

Three independent experts provide an external and complementary perspective on the commitments made and those to be made.

1/3 directors

Three directors, customer representatives, ensure a fair connection between the Boards of Directors and the Mission Committee.

1/3 employees

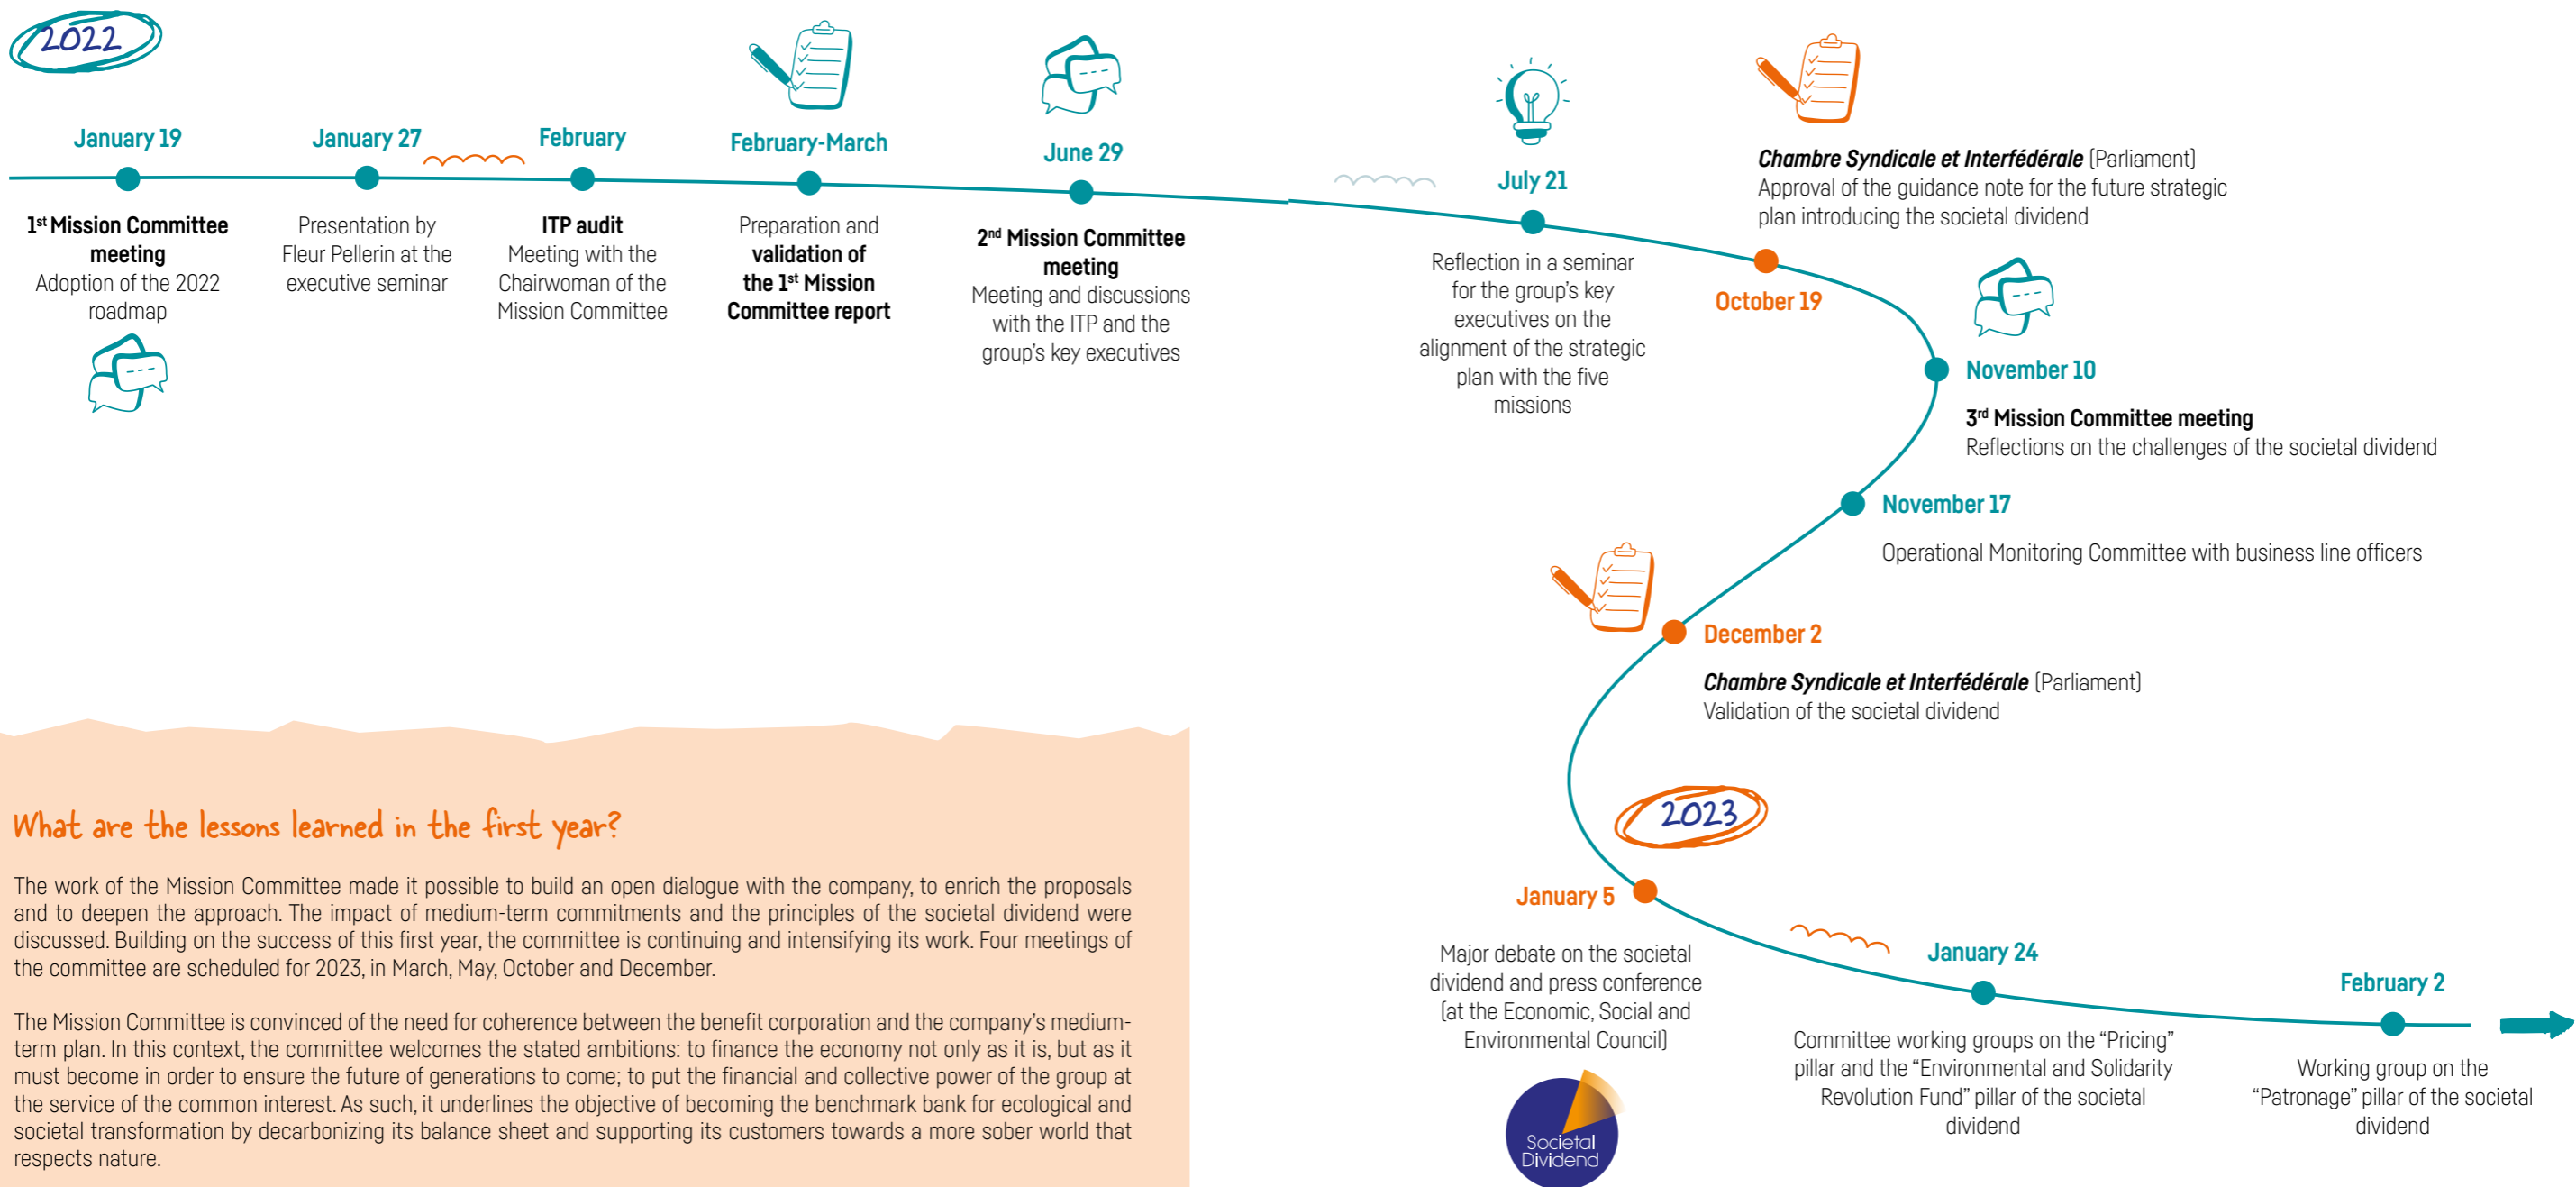

Four employee representatives sit on the committee. Their in-depth knowledge of the company sheds light on the discussions.

The Boards of Directors of Caisse Fédérale de Crédit Mutuel and CIC in November 2022 appointed Camille Putois to replace Christophe Robert, who resigned, and Laurent Nallet, representing the employees of CIC following the departure of Ségolène Denavit from CIC to Crédit Mutuel.

THE ROADMAP

FOR ONE YEAR

Key dates

What are the lessons learned in the first year?

The work of the Mission Committee made it possible to build an open dialogue with the company, to enrich the proposals and to deepen the approach. The impact of medium-term commitments and the principles of the societal dividend were discussed. Building on the success of this first year, the committee is continuing and intensifying its work. Four meetings of the committee are scheduled for 2023, in March, May, October and December.

The Mission Committee is convinced of the need for coherence between the benefit corporation and the company's medium-term plan. In this context, the committee welcomes the stated ambitions: to finance the economy not only as it is, but as it must become in order to ensure the future of generations to come; to put the financial and collective power of the group at the service of the common interest. As such, it underlines the objective of becoming the benchmark bank for ecological and societal transformation by decarbonizing its balance sheet and supporting its customers towards a more sober world that respects nature.

MONITORING OF MISSIONS IN 2022

PLACE CIC IN A LOGIC OF PROGRESS AND INNOVATION

CIC has chosen to set ambitious objectives, with the desire to make a difference in relation to the practices of the banking sector and to breaking new ground. **In each of its five missions, it has set itself very tangible operational objectives,** making it possible to fight against discrimination, to protect the digital privacy of its customers, to act for the development of the regions and to support the ecological transition.

All business line departments are involved in monitoring these objectives. The project team of the benefit corporation works in close collaboration with around twenty "business" referents to ensure the robustness of the indicators and the monitoring of their management. **For each commitment, an action plan is implemented: definition of the indicator, scope, management system, phasing over time and assessment of the action plan.**

These objectives are regularly monitored by the Mission Committee, which also ensures that CIC's strategy is consistent with the five statutory missions. The committee therefore takes a critical look at the trajectory of the indicators, both quantitatively and qualitatively. Answers and insights are provided by business line experts and executives.

A meeting was held in November 2022 with all the referents responsible for monitoring commitments, in the presence of the ITP (KPMG). This meeting made it possible to take on board all the business lines, to promote the actions implemented and to encourage collective progress over the long term.

The challenge is to place the CIC in a logic of progress and innovation and not in an accounting logic. **The objective is the accomplishment of the missions.** The Mission Committee now recognizes the progress made by CIC in its five missions. **Almost all of the 2022 targets have been achieved and several exceeded.** The committee remains convinced that CIC must steadily build on this momentum. It does not exclude certain operational objectives from being adjusted during 2023, particularly with regard to the societal dividend.

A team of fifteen "business" referents involved in monitoring and controlling the robustness of the indicators:

- Sales department,
- Risk department,
- Finance department,
- Compliance department,
- Lending department,
- Social and mutualist responsibility department,
- Human resources department,
- Euro-information,
- Assurances de Crédit Mutuel,
- Crédit Mutuel Equity, etc.

Mission 1

A SUBSIDIARY OF A COOPERATIVE AND MUTUALIST ORGANIZATION, WE SUPPORT OUR CUSTOMERS IN THEIR BEST INTERESTS

As a subsidiary of a mutualist bank, CIC's primary mission is **to support its customers in their best interests.** To this end, the bank ensures that it maintains a compensation system for advisors based on collective performance criteria.

GUARANTEE TO EACH CUSTOMER A DEDICATED, NON-COMMISSIONED ADVISOR

Customers expect personalized advice and tailored solutions. This is why CIC guarantees each customer a dedicated, non-commissioned advisor.

In 2022, 99.7% of customers benefited from a dedicated advisor. With no commercial incentive or individual variable compensation, advisors meet the needs of their customers in their best interests.

This relationship, based on attentiveness, proactivity and relevant advice, is bearing fruit. In March 2022, CIC was named the best French bank in terms of customer experience by the benchmark institutes Kantar and Bearing Point, thanks to the quality of its relationships and the growth of its multi-service offering. CIC is also ranked No. 1 in digital experience among 200 major brands across all sectors. CIC is thus a leader in digital banking.

INDICATORS

99.7% of customers have a dedicated advisor at December 31, 2022

0 commission paid in 2022 to CIC network advisors

Mission Committee opinion

The committee acknowledges the efforts and resources deployed by CIC to achieve this mission. It is pleased with the achievement of the commitment relating to dedicated and non-commissioned advisors. It notes that advisors have an important role in introducing digital tools, a factor of inclusion for audiences far removed from them. With no commercial incentive or individual variable compensation, advisors meet the needs of their customers in their best interests.

Mission 2

AS A BANK FOR ALL, CUSTOMERS AND EMPLOYEES, WE ACT FOR EVERYONE AND REFUSE ANY DISCRIMINATION

As a bank for all, CIC has set itself the goal of promoting diversity by combating all forms of discrimination, including advancing workplace equality between women and men and promoting inclusion. The company's ability to train and integrate young people from priority urban areas and rural areas is key.

TRAIN ALL OUR EMPLOYEES AND DIRECTORS IN THE FIGHT AGAINST DISCRIMINATION

In 2022, CIC set up a comprehensive and educational anti-discrimination training program for its employees with adapted content: representations and stereotypes, behaviors etc. 13,908 employees (97%) were trained in this way.

Resolutely committed against sexism, Crédit Mutuel Alliance Fédérale and its subsidiary CIC have joined the #StOpE initiative. In January 2023, the bank signed the act of commitment by which the group undertakes to permanently reduce so-called ordinary sexism in companies. In concrete terms, CIC will strengthen its means of preventing and combating ordinary sexism through the deployment of a new series of strong actions. In addition, a reporting system for all users (internal, external and elected members) has been rolled out in France. Accessible on the group's intranet, this system complements the internal alert procedure, known as the "whistleblowing system".

Audrey Hammerer
Director representing employees,
member of the Mission Committee.

"I am sensitive to all the actions carried out this year in favor of the fight against discrimination. CIC must continue in this vein, taking care to maintain this spirit of openness. This is an ongoing battle that all companies must wage. The decision to catch up on gender pay was a strong signal from the company."

INDICATOR

97% of employees (13,908) trained in the fight against discrimination

RECRUIT 25% OF WORK-STUDY STUDENTS FROM PRIORITY NEIGHBORHOODS AND RURAL AREAS

In 2022, CIC recruited 43% of new work-study students (233 young people) from urban priority neighborhoods and rural areas, going beyond its target.

CIC's commitment to young people is also reflected in its partnership and sponsorship actions. In 2022, CIC awarded four winners, including two winners in the "Entrepreneur" category, one in the "Porteurs de projet" category and a "Premier pas pour l'export" prize as an official partner of Moovjee (Mouvement pour les Jeunes et les Étudiants Entrepreneurs).

Laurent Torre
Employee representative,
member of the Mission Committee.

"As part of the benefit corporation, I was able to go to Nantes and visit the Maison Fratries supported by the Fondation Crédit Mutuel Alliance Fédérale. Seeing young people with disabilities happy is priceless. Driving home the difference is what our mission is all about."

INDICATOR

43% of work-study students recruited from priority neighborhoods and rural areas

DEFEND GENDER EQUALITY AT ALL LEVELS OF THE BANK

In 2022, CIC collectively wanted to correct any unjustified wage disparities that may exist between women and men. To this end, an agreement was signed with all the representative trade unions on February 21, 2022 to reduce the gap between the average compensation of women and men in all categories to 3% or less. An analysis was carried out for each level of classification by age group.

In order to meet this objective, the various entities within the scope have taken corrective action and upgrading measures for a number of employees. In 2022, 1,535 people benefited from a corrective measure. In accordance with the agreement signed, in addition to the individual increases, 0.5% of the payroll expense was allocated to these actions.

INDICATORS

1,535 employees benefited, in 2022, from a corrective measure

0.5% of payroll expense dedicated to these salary equalization actions

Mission Committee opinion

The Mission Committee applauds the achievement of the indicators and the mission. CIC trained nearly 14,000 employees in the fight against discrimination. The company exceeded its target for work-study students, with 43% of work-study students from priority urban and rural areas. The objective of gender pay equality was implemented and 0.5% of payroll expense was dedicated to it. The committee calls for further action on the issue of parity. The committee proposed new avenues for reflection on the implementation of career paths adapted to people with disabilities as well as paths according to the social and geographical origin of people from priority neighborhoods and rural areas.

Mission 3

RESPECTFUL OF EVERYONE'S PRIVACY, WE PLACE TECHNOLOGY AND INNOVATION AT THE SERVICE OF PEOPLE

Convinced that technology must serve people, CIC has set itself the objective of **guaranteeing the digital privacy of its customers and putting technology at the service of its employees and the development of their business lines** through massive investments in highly secure internalized infrastructures and information systems.

GUARANTEE THE PRIVACY OF OUR CUSTOMERS' DATA BY PROCESSING 99.9% OF THEIR INFORMATION IN OUR INFRASTRUCTURES AND SYSTEMS LOCATED IN FRANCE

Faced with the intensification of cyber risk, major technological investments are made to better protect and secure customer data. Euro-Information, the group's technological subsidiary, inaugurated its new proprietary data center in Verlinghem (59) at the end of 2022. In the course of 2023, it will open its new proprietary private cloud in Côte d'Or with the aim of meeting the highest standards in terms of both resilience and the environment.

This internal control of the highly secure information system is a major competitive advantage. Structural projects in finance and insurance on quantum computers are also being studied, in partnership with IBM.

"Data analysis is key for the bank. Crédit Mutuel Alliance Fédérale was a pioneer with its data factory and the use of artificial intelligence. The new partnership on quantum computing signed in 2022 once again demonstrates the group's pioneering spirit in terms of innovation. While the use cases are still being studied, this technology will bring major advances in data processing and will play a role in the evolution of the business lines."

Xavier Jaravel
Professor at the London School of Economics, member of the Mission Committee.

INDICATOR

>99.9% of processing performed on infrastructure hosted in the company's data centers

INVEST PRODUCTIVITY GAINS FROM ARTIFICIAL INTELLIGENCE IN EMPLOYMENT AND DEVELOPMENT

CIC continues to automate its operations and develop its tools to help employees in their daily tasks. The challenge is to free up more sales time so that they can devote themselves to serving their customers and winning new relationships.

The dissemination and continuous improvement of optical character recognition applications, electronic signatures, and the digitization of credit files allow for accelerated gains in the administrative management of documents and facilitate regulatory processing. Crédit Mutuel Alliance Fédérale and CIC wish to strengthen real-time decision-making by relying more on artificial intelligence. Reducing the time to market for their projects allows them to be more innovative while optimizing costs.

In total, 1,326,000 hours were freed up by digitization, 632,000 hours by advisor assistance, 391,000 by receipt management and 69,000 by compliance risks. These optimizations resulted in productivity gains equivalent to 1,570 FTEs. At the same time, Crédit Mutuel Alliance Fédérale recruited 2,378 people on permanent contracts in 2022.

"Technology is increasingly integrated into our business lines and allows advisors to free up administrative time (balance sheet entry, electronic signatures, etc.) for greater responsiveness and to focus on the essentials: supporting our customers."

Ségolène Denavit
Employee representative, member of the Mission Committee.

INDICATORS

(Crédit Mutuel Alliance Fédérale group)

1,570 FTE: productivity gains from technology in 2022

2,378 permanent hires in 2022

Mission Committee opinion

The Mission Committee notes the achievement of the indicators and the mission. Technological expertise and the security of information systems are considerable assets in which Crédit Mutuel Alliance Fédérale invests heavily. The advisors' time freed up by the technological tools is put to work for the customers. The committee is interested in the potential of quantum technology.

Mission 4

AS A SOLIDARITY-BASED COMPANY, WE CONTRIBUTE TO REGIONAL DEVELOPMENT

CIC's DNA is based on its local roots and local relationships, which are reflected in the close proximity of its 1,750 branches and the expertise of its advisors. By becoming a benefit corporation, the company undertakes to contribute to the development of the regions by supporting the local economic fabric and associations, guaranteeing the attractiveness and the animation of the regions.

ANCHOR DECISION-MAKING CENTERS IN THE REGIONS WITH MORE THAN 90% OF OUR LENDING DECISIONS TAKEN AT BRANCHES

CIC is stepping up its action closer to the regions. The bank's decentralized model promotes responsible decision-making close to the customer. In 2022, 89.3% of decisions were made locally in the banking networks.

The year 2022 was marked by a sustained pace of project financing for its customers. Despite a slowdown in growth in the second half of the year, outstanding home loans increased by 7.9%. It is also worth noting the very good performance of equity investment activities (+14.4%).

INDICATOR
89.3% of lending decisions were taken locally within CIC networks in 2022

"The strength and success of Crédit Mutuel Alliance Fédérale and its subsidiary CIC are based on its decentralized organization. This is also why we are the favorite bank of the French, year after year. The societal dividend will be further proof of this, as it should help us to support local community projects that bring life to the regions."

Jean-Louis Maître
Chairman of Fédération du Crédit Mutuel Savoie-Mont Blanc, member of the Mission Committee.

"It is essential that French companies be supported by the banking sector in their environmental transformation. The announcement of the societal dividend and the creation of the first Environmental and Societal Revolution Fund by Crédit Mutuel Alliance Fédérale are strong markers. They will help accelerate long-term investments across the regions."

Sandrine Pelletier
Director of CIC Ouest, member of the Mission Committee.

INVEST 5% OF THE GROUP'S SHAREHOLDERS' EQUITY MAINLY IN INNOVATIVE FRENCH COMPANIES

CIC aims to be a driving force for the economy in the regions: it is in line with its parent company's commitment to invest in companies that are innovative in technological, commercial, social, organizational or environmental terms. As of December 31, 2022, €2.94 billion had been invested in France in innovative, long-term value-creating projects. Over the year, more than 75 new investments were made in the regions amounting to €436.5 million.

Crédit Mutuel Equity is a shareholder of nearly 350 companies, which it supports at all stages of their development and whatever their transformation project. It invests its shareholders' equity with a constant concern for financial, economic, social and environmental impacts. Its DNA as a long-term investor

INDICATOR
100% of eligible associations can benefit from the Pay Asso solution and free Civil Liability plan for Managers

INDICATOR
[Crédit Mutuel Alliance Fédérale group]
In 2022: 5.19% of group shareholders' equity invested by Crédit Mutuel Equity mainly in French companies that innovate

Mission Committee opinion

The Mission Committee applauds the actions taken by CIC to contribute to the development of the regions through financing of the local economy and support for non-profit organizations. It notes that the rate of lending decisions taken in branches reached 89.3% in 2022 (vs. 89.2% in 2021). This result is directly affected by the economic climate, the increase in interest rates and the rate of attrition. The slowdown in the number of decisions on home loans from the second half of 2022 and the very large share of companies in its customer base (decisions by definition more centralized) impact the indicator. Nevertheless, the committee stresses that CIC's result remains very close to its target of 90%. The objective of offering the Pay Asso digital payment solution to associations and civil liability coverage to their managers has been met. Similarly, the amount invested in French companies that innovate represents 5.19% of the shareholders' equity of Crédit Mutuel Alliance Fédérale, CIC's parent company, as of December 31, 2022.

Mission 5

AS A RESPONSIBLE COMPANY, WE ACTIVELY WORK FOR A FAIRER AND MORE SUSTAINABLE SOCIETY

CIC is committed to supporting societal and environmental transformations by setting measurable objectives to contribute to a more inclusive and sustainable society. It has set itself ambitious carbon sobriety targets and encourages the transformation of banking and insurance practices with more inclusive offers.

REDUCE THE GROUP'S CARBON EMISSIONS BY 20% AND THE CARBON FOOTPRINT OF OUR INVESTMENT PORTFOLIOS BY 12% BY THE END OF 2022*

In 2022, CIC launched an internal energy sobriety plan based on four major actions: reduction of heating, extinction of illuminated signs and offices at closing time, training in eco-actions, adaptation and reduction of travel. CIC encourages and supports all its customers in the environmental transformation, in the corporate markets, as well as professionals and individuals.

Since March 2022, Crédit Mutuel Alliance Fédérale and its subsidiary CIC have been distributing the *Avance Rénovation* loan, which targets the 800,000 owners of poorly insulated homes with modest incomes. This makes it possible to finance the remainder of the renovation work under attractive conditions.

 **INDICATOR**
[Crédit Mutuel Alliance Fédérale group]

-21.4% : reduction of the group's carbon footprint between the end of 2018 and the end of 2021*

"In the regions, the environmental transition is already a reality. We need to accelerate to support our customers in housing renovation and mobility."

Marie-Jean Boog
Chairwoman of the Sarrebourg district, member of the Mission Committee.

IMMEDIATELY STOP FUNDING NEW OIL AND GAS PROJECTS

Crédit Mutuel Alliance Fédérale, CIC's parent company, is the first French banking group to have undertaken, since 2020, a total phase-out of coal by 2030. In October 2021, it announced that it would not finance any new exploration, production, infrastructure (oil and gas pipelines and storage units) or processing (oil refineries, gas liquefaction terminals) projects in oil and gas. In 2022, Crédit Mutuel Alliance Fédérale took part, alongside its central body, in the first climate stress test conducted by the European Banking Authority. This exercise confirmed the group's resilience to the impacts of global warming and the challenges of the transition to a low-carbon economy.

At the same time, it supports its customers in renewable energies. For the 2023 International Agricultural Show, CIC's parent company, Crédit Mutuel Alliance Fédérale and EDF ENR have combined their technical and financial expertise to convert the roofs of farms to photovoltaics.

 **INDICATOR**
[Crédit Mutuel Alliance Fédérale group]

0 new financing projects in oil & gas since October 2021

INSURE THE REAL ESTATE LOANS OF OUR LOYAL CUSTOMERS WITHOUT ANY MEDICAL FORMALITIES

It did not seem acceptable that customers who were chronically ill or had overcome illness could not access home ownership. This is why, in November 2021, CIC decided to insure its loyal customers' home loans for their primary residence, without any medical formalities. This pioneering choice to abolish the medical questionnaire soon after inspired a major, more inclusive legislative change. The Lemoine law, in force since June 2022, has enshrined the principle of eliminating medical formalities. However, for the financing of primary residences, the CIC system retains all its relevance by going well beyond the legal obligations.

This commitment was rewarded by the *Grand Prix de la Good Economie*, a prize organized by The Good and INfluencia for the best initiatives of companies committed to an ecological, social and solidarity-based transformation of their activities.

 **INDICATORS**

Since the launch, more than **51,300 beneficiaries**

0 medical formality (up to €500,000 per borrower and for policyholders under the age of 62)

"In a context of increasing inequalities, companies must get involved and promote more inclusive models. The removal of medical formalities was a very ambitious decision that created a market standard, which was then enshrined in law. With the societal dividend, Crédit Mutuel Alliance Fédérale is going further, by proving that we can act for a more united and inclusive world."

Camille Putois
Chief Executive Officer of "Business for Inclusive Growth", member of the Mission Committee.

COMMIT TO CUSTOMERS IN FINANCIAL DIFFICULTY WITH AN ACCOUNT AT €1 NET PER MONTH WITHOUT INCIDENT FEES

In a context of rising consumer prices that reduce the purchasing power of the most modest, CIC is acting responsibly with those most affected with an account at €1 per month, without incident fees. This offer includes a dedicated advisor and a local branch. From August 1, 2022, more than 18,000 subscribers to the specific offer designed for financially fragile customers have benefited automatically, without any steps being taken.

in rural and suburban areas. Detection work triggered 100,000 appointments and contacts by their advisors to find solutions adapted to the economic situation. These meetings had positive effects because they made it possible to anticipate and therefore avoid difficulties.

At the same time, Crédit Mutuel Alliance Fédérale and its subsidiary CIC have paid particular attention to those customers who have been hardest hit by inflation, notably by the rise in fuel and energy prices, which particularly affects low-income workers

18,204 beneficiaries

Mission Committee opinion

The Mission Committee notes that Crédit Mutuel Alliance Fédérale and its subsidiary CIC have achieved the objectives that contribute to their mission of working for a fairer and more sustainable society. The indicators for reducing the group's carbon emissions and the carbon footprint of its investment portfolios, halting the financing of new oil and gas projects, putting an end to the health questionnaire for real estate loans, and introducing the one-euro-per-month account for its customers in situations of financial fragility have all been met. The committee particularly applauds the ambitions for environmental transformation set out in the guidance note of the future strategic plan and the creation of the societal dividend.

* See non-financial performance statement for 2022, France scopes 1, 2 and 3 energy consumption, refrigerant gas leaks, motor fleet and business travel.

COMPLETE PERFORMANCE OVERVIEW

Methodological reminder: the objectives of the thirteen commitments are set for the end of 2022. Nine commitments are monitored specifically at CIC level. For the other four, CIC is committed to contributing to the achievement of objectives set by the Crédit Mutuel Alliance Fédérale group.

Mission 1 AS A SUBSIDIARY OF A COOPERATIVE AND MUTUALIST ORGANIZATION, WE SUPPORT OUR CUSTOMERS IN THEIR BEST INTERESTS		
1 Guarantee to each customer a dedicated, non-commissioned advisor		
CIC indicators: • 2022: 99.7% customers assigned to a dedicated advisor. • 2021: 99.8%	Scope: French banking network, CIC branches and corporate business centers.	Mean: • Human resources policy: no commercial incentive or individual variable compensation.
Mission 2 AS A BANK FOR ALL, CUSTOMERS AND EMPLOYEES, WE ACT FOR EVERYONE AND REFUSE ANY DISCRIMINATION		
2 Train all our employees and directors in the fight against discrimination		
CIC indicator: • 2022: 97% of employees trained in the anti-discrimination module.	Scope: CIC.	Means: • Mandatory training module in 2022 for all employees. • Overhaul of the alert and monitoring system.
3 Recruit 25% of work-study students from priority neighborhoods and rural areas		
CIC indicators: • 2022: 43% of work-study students from priority neighborhoods and rural areas. • 2021: 38.7%	Scope: CIC.	Means: • Participation in dedicated "job dating" sessions. • Strengthening partnerships with associations. • Testing of new measures to develop integration actions.
4 Defend gender equality at all levels of the bank		
CIC indicators: • 2022: there are still 114 employees in the groups with a gap. • 2021: NA	Scope: CIC.	Means: • Negotiation of a group agreement with the representatives of the trade unions. • Inventory of pay gaps. • 0.5% of payroll expense allocated to correcting gender pay gaps in 2022. • 1,535 employees benefited from a corrective measure.

Mission 3 RESPECTFUL OF EVERYONE'S PRIVACY, WE PLACE TECHNOLOGY AND INNOVATION AT THE SERVICE OF PEOPLE		
5 Guarantee the privacy of our customers' data by processing 99.9% of their information in our infrastructures and systems located in France		
Group indicator: • 2022: > 99.9% Established in 2022	Scope: • France Crédit Mutuel and CIC networks. Number of hits for eligible external services: outsourced services are excluded for regulatory or market reasons (interbank systems, market standards, etc.)	Means: • Strong growth in investments in the Group's IT infrastructures, via highly secure data centers and private cloud. • Establishment of two new data centers owned exclusively by Euro-Information, a subsidiary of Crédit Mutuel Alliance Fédérale.
6 Invest productivity gains from artificial intelligence in employment and development		
Group indicators: • 2022: 11,570 productivity gains in FTE, 2,378 permanent hires. • 2021: 900 productivity gains in FTE, 1,596 permanent hires.	Scope: • Scope of FTE gains: France Crédit Mutuel and CIC networks. • Scope of recruitment: group social base.	Means: • High-growth investments in technology and artificial intelligence. • Social policy that favors training, career development and job creation.

COMPLETE PERFORMANCE OVERVIEW - CONTINUED
